

Description:

The Unique Beam Lifter from Muba has been designed with the Tool Hire Industry in mind. Compact, Robust and unlike its competitors to date the Beam Lifter has no lifting cables. Using a simple screw mechanism like an Acro Prop by manually winding the handle the beam can be lifted and lowered into position with accuracy and ease. A single Beam Lifter has a lifting capacity of 600kg and will lift up to a maximum height of 3 Metres, two Beam Lifters together has a lifting capacity of 900kg. The Beam Lifter will fit through gaps of up to 73cm (29 Inch), is stackable when folded down and will fit in to the boot of most estate cars.
